

Ifeoluwa fowobaje

Frontend Web Developer

I'm a detail-oriented Frontend Developer with a strong foundation in modern web technologies including React.js, Next.js, TypeScript, and GSAP. Experienced in building responsive and visually appealing user interfaces using Tailwind CSS and JavaScript frameworks with a year plus of experience. Eager to apply my skills to real-world projects.

Next.js

• Styling & Animation:

 Tailwind CSS,
GSAP, Responsive Design

• Tools & Platforms:

 Git, GitHub,
Figma, vercel

• Soft Skills:

 Team Collaboration,
Problem Solving, Adaptability,
Communication, Attention to Detail,
Time management

✧ Relevant Experiences and Projects

Freelance Frontend Developer

Remote — Jan 2024 – Present

- Built a responsive e-commerce landing page using Next.js, Tailwind CSS, and GSAP animations, optimized for mobile and desktop.
- Collaborated with a graphic designer to translate Figma designs into fully functional, pixel-perfect pages.
- Integrated Stripe payment UI elements and ensured accessibility and responsiveness across major browsers.

Frontend Developer – Personal Portfolio Projects

Self-Directed — 2023-Present

- Developed multiple web apps including a weather app, task manager, and portfolio website using React, and Javascript.
- Integrated third-party APIs and applied modern UI/UX principles for intuitive navigation and interactivity.
- Used Git and GitHub for version control and deployment workflows via Vercel.

Simulated Client Project – Frontend Developer

Self-Initiated | April 2024 – Present

- Built a fully responsive website for a mock local business (e.g., a café or service provider) using Next.js, TypeScript, and Tailwind CSS.
- Designed the UI in Figma, implemented scroll animations with GSAP, and optimized load speed and SEO.
